RULE 2 - DRAWING OF POSITIONS:

Entries in all class pulling for both oxen and draft horses open to State of Maine and New England. Numbers shall be placed in a container according to the position the team weighed-in or entered. A disinterested person at ringside shall draw all the numbers to determine the positions the team shall draw. There must be a contest in each class.

RULE 3 - WEIGHING IN:

Official weigh-in shall start for all horses, other than "Free-For-All" teams not earlier than three (3) hours or later than one and one-half (1 1/2) hours before class of the day is to start. The first part of this rule will not apply when there are two classes, one following immediately after the other. Check weighing will be allowed prior to official weigh-in. Official weigh-in will allow one weigh-in only by same team of horses. Team must have leather halters and shoes on. Even weight only. Nothing extra for shoes and halter. All horses will be weighed in the presence of a delegate appointed by the Fair or person who is conducting the contest. The scale shall be balanced with a man standing on same; this man will hold all horses where possible. Anyone weighing one horse but pulling another in its place shall be barred from pulling for one year. Fair superintendents or person weighing shall notify the Maine Draft Horse and Ox Association, and in turn, fair superintendents of all fairs shall be notified.

RULE 4 - MEASURING:

Any situation that may arise and is not covered by these rules, the decision will be left to the discretion of the judges.

RULE 17 - RECOMMENDATIONS:

The owners or their agents agree to indemnify the management against all claims, demands, suits and expenses arising out of an injury to any person or damage to any property caused by his animal, attendant or himself, and this rule is part of this contract. The management reserves the right to accept or reject any entry, to close or reopen any class, to set ahead or change program if deemed necessary for the best interest of the Fair. No entries accepted on teams after 10:00 a.m. on day on which class pulls.

RULE 18 - INTERFERENCE

"No interference with any judges, State Veterinarian or State official will be allowed when these men are discharging their duties. RULE 21 - INSURANCE

Before a team is allowed to pull, the owner must show proof of insurance providing a certificate of insurance in the amount of \$1,000,000.00.

Rules for 6-Foot Pull

Contestants must own all animals and no animal shall be allowed to compete in more than two classes.

Drivers shall name the team they are going to drive before drawing numbers for position. The official pull of distance shall be a continuous forward movement of not less than three (3) minutes for each draw. Teams may start boat from any spot from starting point provided boat is not out six (6) feet. As soon, however, as boat is out more than six (6) feet, and two or more draws have been made, the boat shall be set back to starting point. At any time the driver has the right to request that the boat be set back and time will be taken out for this purpose. The load after the initial load may be increased as the judges may require.

Drivers will be allowed to help hitch team to boat: in all cases, however, the helper must step back, as soon as the hitch is made, a distance prescribed by the judges. Teams shall have only one driver and no driver can be changed during the draw unless permitted by the judges with the consent of the other drivers in the class. No team shall be allowed outside the rails of the course after being hitched to the boat. The decision of a majority of the judges concerning any matter arising in connection with the draw shall be final. Horses, oxen or drivers may be disqualified at any time by the judges, because the contesting team's condition is such as to render it cruel or inadvisable to permit the horses or oxen to proceed further.
